Join a Thriving Crypto Community

XNODES

How It Works

Your Path to Crypto community Growth

1. Join

Invest $100 in a Base Node to unlock your earning potential.

2. Refer

Share your unique link and earn $30 for each new member who joins.

3. Grow

Your community expands as your referrals invite others, increasing your earnings.

4. Earn

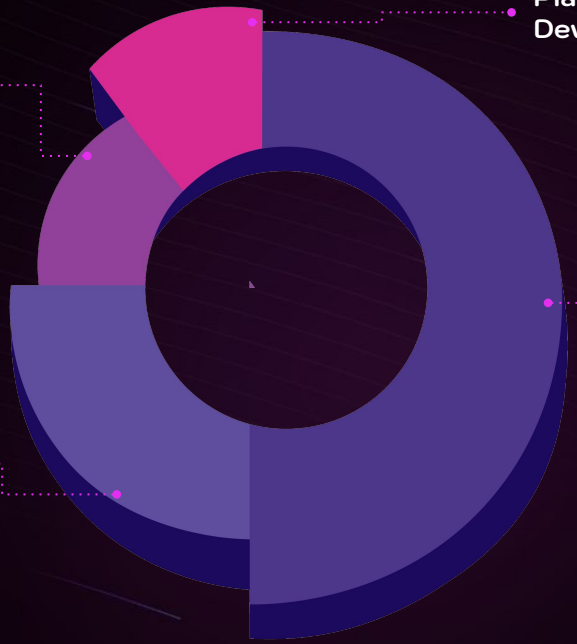
Unlock Rebirth Nodes as your earnings grow, maximizing your passive income.

5. Withdraw

Enjoy real-time rewards, securely tracked on the blockchain.

XNODES

How Your $100 Investment Fuels the XNodes Ecosystem



Platform Development

$10 is allocated as XNodes platform fee to ensure a cutting-edge experience for all users.

New User Tokens

$10 worth of selected tokens can holded or traded on exchanges.

Parent Node Rewards

The remaining **$50** is shared among the 5 nodes upline to foster a collaborative community.

Referral Bonus

$30 is awarded to the referral node. If joined without a referral, $30 will go to the Genesis Node.

XNODES

How to Earn with XNodes

Base Node Investment

Purchase a Base Node for $100 to join the community.

Direct Referral Commissions

Share your referral link and earn $30 for each referral who joins.

Indirect Referral Commissions

Expand your community as your referrals invite others, increasing your earnings.

How to Earn with XNodes

Rebirth Node Rewards

Unlock Rebirth Nodes for passive income.

Token Rewards

Benefit from real-time rewards and withdraw your earnings securely.

How XNodes Grows:
The Node System

Rebirth nodes are placed under the genesis node.

Sponsor nodes are placed under the user's base node.

Genesis Node
Starting point of the whole XNodes community.

Purchase Base Node

Base Node
Buy a Base Node to join XNodes and start earning.

Purchase Sponsor Node

Sponsor Node
Expand community by purchasing Sponsor Node

Rebirth Node
Earn enough and the system creates a Rebirth Node

Experience a unique approach to community marketing that rewards both individual effort and collective growth.

Xnodes Roadmap

Launch and Core Functionality

Phase 1

- Develop and deploy XNodes Smart Contract
- Create a visual community structure graph, to track and visualize user progress.
- Build a user-friendly community Web app with PWA
- Implement the commission structures, along with the Rebirth Node system.
- A dedicated space for XNodes members to connect, share strategies,

Xnodes Roadmap

Community Engagement and Gamification

Phase 2

- Staking the reward Token to earn more with the rewards.
- Introduce a tiered ranking system based on user activity and community size.
- Award badges for reaching milestones to encourage user engagement.
- Showcase leaderboards to motivate users.
- Visualize user progress towards earning thresholds and achieve higher ranks.
- Create challenges and quests to incentivize reward participation.

XNODES

Xnodes Roadmap

Tokenization and NFT Integration

Phase 3

- Launch the native XNT token, enabling users to earn and utilize it within the ecosystem.
- Offer unique NFTs as rewards for achieving milestones or participating in challenges.
- Introduce special NFT-based nodes with enhanced features or exclusive benefits.
- Create exclusive Token-Gated Community Chats to foster a sense of community.

XNODES

Xnodes Roadmap

DeFi Integration

Phase 4

Staking: Allow users to stake their XNT tokens to earn additional rewards or participate in governance decisions.

Yield Farming: Create liquidity pools for XNT and other cryptocurrencies, enabling users to earn rewards through yield farming.

Xnodes Roadmap

Decentralized Governance

Phase 5

DAO Formation: Establish a Decentralized Autonomous Organization (DAO) where XNT token holders can vote on proposals and shape the platform's future.

Community-Driven Development: Encourage community members to propose and vote on new features, partnerships, and initiatives.
